

Spay & Neuter Resources in Alabama

67-County Resource Directory based on information on the Alabama Animal Advocates website

Purpose. This directory organizes the spay/neuter resources identified on the website for Alabama Animal Advocates. See the individual pages on the website for each of the 67 Alabama counties. Availability, eligibility, funding and transportation can change, so residents should contact the organization before making an appointment.

Important note. “No specific county program identified” means that no specific local program was identified in the Alabama Animal Advocates information reviewed; it does not mean that no service exists in that county.
